### Sets the Benchmark for Professionalism and Service

My husband and I made the costly mistake of listing our home for lease with a large franchise agency. In the beginning, they said all the right things, including listing the property at a high price. However, after 4 weeks, they had only 3 inspections, very little in terms of feedback, no prospective tenants, and 2 price decreases. The most frustrating thing of all was that I always had to call them – the only time they called me was when I sacked them.

Within 24 hours of listing with Harbourline Real Estate we had 2 private inspections and two quality applications. The deposit was paid within 2 days and the lease was signed in under 1 week with an amazing family at the asking price.

I should never have doubted the power of personalised and amazing customer service from an award-winning agency like Harbourline Real Estate. **SL Greenwich**
